### DOCTOR LEE'S REQUEST

He Asked a Committee to Investigate Charges.

### MR. SWAN'S APPEAL RECOGNIZED

Staubenville Presbytery Takes Up the Matter in the First Church of This City. Other Business Transacted by the Ministers Assembled in East End.

Staubenville presbytery is in session in the Second Presbyterian church, and a great deal of business has been done since yesterday.

The meeting was called to order promptly at 5 o'clock by Moderator Henry Webb. Doctor McKinley led in prayer, and the clerk proceeded to call the roll. A few very good excuses were given for absent delegates.

Rev. B. M. Swan was received and enrolled in the Staubenville presbytery from the Mahoning district. Rev. F. M. Davis presented a letter of dismissal from the Dumpeese free church of Scotland to the Staubenville presbytery. His application was referred to the committee on college studies. Rev. Dr. Bigger, of Huron, K. P. Simmons, of Red Stone, and S. B. Salmon were given permission to sit in the presbytery as corresponding members.

Rev. J. F. Kirkbridge, of Millport, was elected moderator for the coming year. Mr. Webb made a short speech before retiring, and hoped for his predecessor the same courtesy he had received. Mr. Kirkbridge replied in equally fitting language. John T. Scott, of Richmond, was elected temporary clerk. The arrangement committee reported the hours for holding service suited them exactly if the presbytery would continue to do business on Central standard time. The report was accepted. The Reverend Doctor Cook was selected to deliver the ordination sermon this evening. The next thing to be considered was the resignation of Rev. C. L. V. McKee from the pastorate of the Oak Ridge church. Before accepting the resignation it was moved the commission be recognized. Reverend Price said that at the last meeting of presbytery a commission had been appointed touching on matters of this kind, and he thought it was a little premature. It was explained the matter was in accordance with the decision of the commission, and A. M. Fraser read a communication from the church asking that the pastoral relations be dissolved in accordance with the wishes of Mr. McKee. The request was granted.

A call was read from Bakersville and New Comerstown to Rev. Benjamin M. Swan, in which each church agrees to give \$250 a year for his services. Reverend Price explained that the churches were mission fields and would expect some help from presbytery. He also stated that West Lafayette expected to use his services part of the time, for which they would pay him \$150 a year. Doctor Davis wanted these facts put in the motion, and he and Mr. Price had a friendly tilt. The call was found in order, and Mr. Swan accepted it.

Henry G. C. Halleck, who was dismissed to the conference at Shanghai, China, returned his dismissal stating that he had made a mistake in it, and by a unanimous vote he was dismissed to the conference at Ving Poo, China.

A recess was here taken, and the session was called to order promptly at 6:30 with Henry Webb in the chair. Reverend Kirkbridge not having arrived. The appointment of committees was passed over, and a call to M. W. Simpson, from Salineville church, was read. They also requested that their union with the Monroeville church be dissolved. The call was filed in order to await the coming of Mr. Simpson.

Rev. K. P. Simmons was called to the pastorate of the Irondale church. He has been preaching there for the past year. It was also laid on the table.

As Doctor Reed was absent, Doctor McKinley was placed on the committee of college education. Henry Webb, David Hargest, J. F. Shepherd, John W. Hill, Hugh Hammond were appointed as a committee on bills and overtures. The judicial committee is composed of R. A. McKinley, R. T. Price, W. M. Hays, J. T. Scott, and R. H. McDonald.

Rev. B. M. Price called attention to the fact that he had in his hands the appeal of J. L. Swan from the session of the First church of East Liverpool together with the answer and all the minutes in the case, and asked what should be done with them. They were referred to the judiciary committee for reference only.

Doctor McMillan was appointed a visitor to attend the examinations at Lane seminary, and Mr. Irwin was appointed to fill the vacancy on the

appropriation committee caused by the absence of Doctor Reed. The evening devotional service then took place, Rev. Henry Webb delivering the address, and taking his text from Ephesians, 2:11-12. The gentleman preached an eloquent and convincing sermon.

When the sermon was ended Doctor Lee requested that a committee be appointed to investigate certain slanderous charges that had been made against him. Doctor S. M. Davis, Reverend G. W. McMillan, Reverend W. E. Hill, J. A. Clifflart and W. H. Martin were selected by the moderator, and this morning held a secret session in the Methodist Episcopal church.

Reverend W. H. Parks was released from the Beech Springs church, and Reverend Finley was appointed moderator of the session of that church.

After the devotional exercises this morning the temperance committee were allowed to retire while they finished their report. The minutes of the last meeting did not suit Reverend Kreusch, of New Philadelphia. He did not like the use of that word slander. Reverend Price said it was Doctor Lee's wish, it was an ugly word but had to go, and the minutes were approved. The committee reported in favor of erecting a monument to Doctor Marcus White-

man, and the report was accepted. Reverend Price said the home missionary fund had received \$1,120.60, expended \$1,026.53, and had a balance of \$94.07. It was recommended that the balance go to the synod. A resolution providing that delegates to the synod and general assembly make their reports through the stated secretary, was adopted, since it would do away with too much talk of boarding houses and the good times they had enjoyed.

The minutes of the last meeting of presbytery were read, and Reverend Weir and Reverend Boyd were added to the judicial committee. A number of ministers explained why they were not present at the last meeting, and the Rev. Dr. D. Bigger, of Columbus, spoke at length on a plan for synodical home missions, and E. Babcock, a graduate of Wooster university, desiring to enter Allegheny seminary was examined. Some discussion ensued because of a defect in his application. Reverend J. P. Leyenberger, Reverend George McMillan, Simon Smith and Ira Kennedy were elected delegates to the next general assembly, and Reverend R. R. Gailey, Reverend O. M. Reed, W. H. Masters and S. C. Alexander were chosen as alternates. The committee on appropriation reported, but as the representative from the Richmond church had been out during the morning with the judicial committee and had no opportunity to present his claim the report was referred back. Permission was granted to T. C. Murray to preach beyond the limits of presbytery, and a number of ministers asked permission to go home this afternoon. When the time came for adjournment at noon it was seen that the business was behind the program.

### MR. SWAN'S APPEAL

Was Referred to a Committee of Twelve Ministers.

When presbytery commenced this afternoon Reverend Doctor Patterson and Reverend J. N. Swan were appointed to install Rev. B. M. Swan at Bakersville and New Comerstown, and A. N. Coe was granted temporary license to preach. The temperance committee reported. Then came the event of the day. It was the report of the judicial committee having in charge the appeal of J. L. Swan.

Not a person in all the church moved when Doctor McKinley arose. He said the appeal from the decision of the session of the First Presbyterian church, notice of appeal and the records had been placed in their hands and carefully examined. The letter written the session was evidently the cause for the action, but they could see no reason for the sentence imposed. There was no grounds in the letter to warrant it. The moderator of the session was also an interested party. The committee recommended that the appeal be entertained, and the case referred to a judicial commission. Continuing he said that a paper had been a few minutes before placed in his hand purporting to be the charges. They were not on the minutes, nor were they part of the record, but in justice to all he hoped the document would be filed with the others.

Doctor Lee explained that by oversight the paper in question had not been sent with the other papers when they were filed. The whole matter was then referred to a committee of 12 who will be chosen this afternoon.

The committee, investigating at his request the charges against Doctor Lee, are still in session. They will not talk, and no intimation of what they have done is given out.

### OLD BOARD IS DEAD

New Members Took the Oath and Their Places.

### NO NEW BUILDINGS IN VIEW

The Committee Thought It Best to Do Nothing—Mr. Vordrey Made President and Doctor Norris Clerk—Mr. Stevenson Made a Speech—The Perdune Case.

The board of education met last night in the Central building in special session, for the purpose of receiving the newly elected members, Messrs. Cripps, Pittinger and Fisher. After the invocation and prayer by Mr. McGraw, the first business taken up was the reading of the minutes of the last meeting. After their approval, the building committee was called upon for their report. Mr. McClain stated that after due consideration, the committee thought it not wise at the present time to enlarge any of the buildings. The report was tabled.

The Perdune case was next heard. Mr. McClain stated that the arrest had been investigated, and was found to be unlawful, as the child complied with the law in every respect. "I am in favor of the board ordering Mr. Beardmore to return the \$4.50 costs which Mr. Perdune paid, thus saving the officer and board a law suit, as this is what Mr. Perdune intends to do if the money is not refunded." After a motion had been made to accept the report, no second was heard, consequently it was not accepted.

This was the last business of the evening, and the board adjourned sine die. The new members were then called into the room and took the oath administered by Clerk Norris.

The ballot for president resulted in the election of Mr. Vordrey, who received five votes. McClain and McGraw received one each. Doctor Norris was re-elected clerk unanimously.

Speeches were made by Mr. McGraw, Mr. Vordrey, Doctor Norris and Mr. Stevenson. Mr. Stevenson gave the talk of the evening, and in part said:

"Gentlemen, I am glad to be released from the board. It has often been the case where my feeling has caused me to act other than I should, but I have no complaint to make. My relations with my constituents have been pleasant, and as the office is not one of salary, it is, I am glad to say, one for the love of our children. I hope your labors will be crowned with success."

After a general hand shaking the board adjourned to meet on April 30.

### THE SIXTIETH ANNIVERSARY

Of St. Stephen's Will Be Celebrated Soon.

The annual meeting of the congregation of St. Stephen's was held last night. The vestry of last year was unanimously re-elected. Mr. Samuel Frost was elected senior and Mr. Horton junior warden respectively. A committee was formed to advise with the vestry for the purpose of taking steps to celebrate the sixtieth anniversary of the founding of the parish this summer by extinguishing if possible, or at least largely reducing and placing on a sound financial basis the debt of the parish.

### UNDER ASSOCIATION COLORS.

Some Local Wheelmen Are Anxious to Ride.

A number of wheelmen have appointed a committee to wait upon Secretary Charles, of the Young Men's Christian Association, upon his return from the south, and present to him a petition signed by not less than 50 wheelmen. The petition asks that they be received into the association for a term of six months at a reduced rate of membership. The object of the wheelmen in doing this is to ride the coming summer under the association colors, and also to have access to the baths that are in the building.

### NOTHING GIVEN OUT.

No One Knows What the Tariff Will Be.

The secrecy surrounding the revision or whatever is being done to the Dingley bill is not worrying the manufacturing potters of this place. One who has always manifested a great interest in the bill gave as his belief the other day that crockery would come out all right, although he had not the slightest intimation from Washington on which to base his belief. He thinks there will be no change from the rates reported to the house of representatives.

### Epworth Services.

The Epworth league of the First M. E. church will conduct services at the Young Men's Christian Association

auditorium next Sunday afternoon. A special program has been prepared. Reverend Carlington, of New Brighton, will preach at the church next Sunday. He also will have charge of the league services.

### COMRADES.

Every Loyal Comrade Should Be in Line Tonight.

Every member of the Grand Army and every member of the Sons of Veterans should be in line tonight, at 7 o'clock, in front of the Grand Army hall, preparatory to march for the opera house, where appropriate and impressive services will be held. Turn out en masse, ye old veterans and show to the public at large the love and affection you bear to the memory of the gallant comrade who stood by your side in the face of saber stroke, bayonet charge and the shriek of shot and shell. Turn out, ye sons of gallant men, and demonstrate the fact that you stand ready to step into the shoes of your fathers in the hour of emergency, when your country calls. Let tonight's service be one long remembered by those who love to do honor to our gallant and heroic dead.

### SOLDIERS MAY NOT GO.

Some Doubt About That Trip to New York.

Captain Hill did not select the soldiers for the New York trip last night for the very simple reason that Company E may not be represented in the Ohio troops. He expects definite word from headquarters soon, and if the order comes the boys will be chosen Friday night.

The last order of General Axline says no word of Company E. In the second provisional regiment its name is not given with other representatives of the Eighth. It is therefore probable our boys will not go.

### A BEAUTIFUL PICTURE

Has Been Reproduced in Plaster by Local Artists.

J. F. Manor and Mills Bennett, of the Union pottery, have reproduced in plaster the "Lord's Supper," by Raphael, and a beautiful reproduction it is. Every figure shows as clearly and distinctly as in the original, while the table, dishes and the room are brought out in a manner so artistically as to excite the admiration of all who have been permitted to see it. The work required a great deal of time and skill, and the gentlemen are everywhere being congratulated on the success of their efforts.

### DIED SUDDENLY.

Miss Maggie Long Was Only Ill a Short Time.

Miss Maggie Long, of Martin's Ferry, was a few weeks ago a happy guest at the home of her cousin, Milton Arbutnot, in this city. Today she is a corpse in Martin's Ferry. Miss Long was ill only a short time, and her death was very sudden, her friends not knowing that her life was in danger. While here Miss Long made many friends who will learn with deep regret of the happening.

### SHOOTING CRAPS.

A Lively Game Was on in Smoky Row Last Night.

There was a game of craps in Second street last evening and the men engaged in it were well loaded. The usual amount of kicking was indulged in, which ended in a row. After one of the men had been severely beaten, they were separated by friends. No arrests were made.

### DOCTORS IN STEUBENVILLE.

The Eighteenth Meeting Is Being Held There Today.

The Eastern Ohio Medical Association are holding their annual meeting in Garrett hall at Steubenville today. Among those who went from here to attend were Doctor and Mrs. Ikirt, Doctor and Mrs. Calhoun and Doctor Clark. The association will adjourn tomorrow night.

### Victory For Doctor Marshall.

BEAVER, April 20.—[Special]—The court of common sessions this morning filed an opinion refusing to relieve William Hovler of the costs placed upon him last December in the suit against Dr. R. J. Marshall, of East Liverpool. That ends the famous case.

### Hurt His Leg.

Harry Welch, an employee of Murphy's pottery, hurt a blood vessel in his right leg this morning by having it hit by a flag. Medical attention was summoned, and it is somewhat better.

A number of wheelmen have appointed a committee to wait upon Secretary Charles, of the Young Men's Christian association, upon his return from the south, and present to him a petition signed by not less than 50 wheelmen. The petition asks that they be received into the association for a term of six months at a reduced rate of membership. The object of the wheelmen in doing this is to ride the coming summer under the association colors, and also to have access to the baths that are in the building.

### NOTHING GIVEN OUT.

No One Knows What the Tariff Will Be.

The secrecy surrounding the revision or whatever is being done to the Dingley bill is not worrying the manufacturing potteries of this place. One who has always manifested a great interest in the bill gave as his belief the other day that crockery would come out all right, although he had not the slightest intimation from Washington on which to base his belief. He thinks there will be no change from the rates reported to the house of representatives.

### Epworth Services.

The Epworth league of the First M. E. church will conduct services at the Young Men's Christian Association

auditorium next Sunday afternoon. A special program has been prepared. Reverend Carlington, of New Brighton, will preach at the church next Sunday. He also will have charge of the league services.

### COMRADES.

Every Loyal Comrade Should Be in Line Tonight.

Every member of the Grand Army and every member of the Sons of Veterans should be in line tonight, at 7 o'clock, in front of the Grand Army hall, preparatory to march for the opera house, where appropriate and impressive services will be held. Turn out en masse, ye old veterans and show to the public at large the love and affection you bear to the memory of the gallant comrade who stood by your side in the face of saber stroke, bayonet charge and the shriek of shot and shell. Turn out, ye sons of gallant men, and demonstrate the fact that you stand ready to step into the shoes of your fathers in the hour of emergency, when your country calls. Let tonight's service be one long remembered by those who love to do honor to our gallant and heroic dead.

### SOLDIERS MAY NOT GO.

Some Doubt About That Trip to New York.

Captain Hill did not select the soldiers for the New York trip last night for the very simple reason that Company E may not be represented in the Ohio troops. He expects definite word from headquarters soon, and if the order comes the boys will be chosen Friday night.

The last order of General Axline says no word of Company E. In the second provisional regiment its name is not given with other representatives of the Eighth. It is therefore probable our boys will not go.

### A BEAUTIFUL PICTURE

Has Been Reproduced in Plaster by Local Artists.

J. F. Manor and Mills Bennett, of the Union pottery, have reproduced in plaster the "Lord's Supper," by Raphael, and a beautiful reproduction of it. Every figure shows as clearly and distinctly as in the original, while the table, dishes and the room are brought out in a manner so artistically as to excite the admiration of all who have been permitted to see it. The work required a great deal of time and skill, and the gentlemen are everywhere being congratulated on the success of their efforts.

### DIED SUDDENLY.

Miss Maggie Long Was Only Ill a Short Time.

Miss Maggie Long, of Martin's Ferry, was a few weeks ago a happy guest at the home of her cousin, Milton Arbutnot, in this city. Today she is a corpse in Martin's Ferry. Miss Long was ill only a short time, and her death was very sudden, her friends not knowing that her life was in danger. While here Miss Long made many friends who will learn with deep regret of the happening.

### SHOOTING CRAPS.

A Lively Game Was on in Smoky Row Last Night.

There was a game of craps in Second street last evening and the men engaged in it were well loaded. The usual amount of kicking was indulged in, which ended in a row. After one of the men had been severely beaten, they were separated by friends. No arrests were made.

### DOCTORS IN STEUBENVILLE.

The Eighteenth Meeting Is Being Held There Today.

The Eastern Ohio Medical Association are holding their annual meeting in Garrett hall at Steuenville today. Among those who went from here to attend were Doctor and Mrs. Ikirt, Doctor and Mrs. Calhoun and Doctor Clark. The association will adjourn tomorrow night.

### Victory For Doctor Marshall.

BEAVER, April 20.—[Special]—The court of common sessions this morning filed an opinion refusing to relieve William Hoyler of the costs placed upon him last December in the suit against Dr. R. J. Marshall, of East Liverpool. That ends the famous case.

### Hurt His Leg.

Harry Welch, an employee of Murphy's pottery, hurt a blood vessel in his right leg this morning by having it hit by a flag. Medical attention was summoned, and it is somewhat better.

EAST LIVERPOOL, O., TUESDAY, APRIL 20.

THE SALEM HERALD is a rare humorist.

It has been talking about the "crime

of '73" again.

It would have been a very good thing

for the party, the candidates and the

state if Kentucky's legislature had never

attempted to elect a senator.

If the stories developed by Pennsylvania's

legislative investigation prove true, prosperity

cannot return too soon for the poor miners

up the river.

LIEUTENANT GOVERNOR JONES has

modestly announced that he would like to

be renominated. All right, Asa, you

have done well enough to be included in

the next program.

THOSE naval cadets who object to the

admission of an Ohio colored boy to the

Annapolis academy should read history.

Their fathers settled the race question

a few years ago.

THE Christian and Moslem blood

spilled upon the hills above Prevesa

served as an excuse to boom the price of

wheat in New York and Chicago. It is

indeed an ill wind that blows nobody

good.

If the members of council are as

prompt in correcting all existing evils as

they were in ordering that paved streets

in the business part of the city be kept

well cleaned, it will not be long until

they are recognized as the pride of the

town.

FINANCERS say that the adoption of

the gold standard by Japan will take

the precious metal from this country.

Well, we can afford to lose a little now

that the government alone has some

thing more than half a hundred millions

more than it needs.

If some of the learned professors and

engineers who are discussing the cause

of the big flood would cease talking long

enough to go down into their pockets

for a substantial contribution to the

relief fund, the homeless sufferers would

be benefited and the world would not be

injured while waiting for the next chapter

of the argument.

THE GOOD TIME.

While the Populists of the west and

certain of the Democratic party in the

east are bemoaning the hard times they

did so much to bring about, the potting

industry is not talking politics. It has

been buckled down to hard work, and while

the sun shines is reaping its harvest.

Trade conditions are steadily improving,

the demand for our product being such

as to keep all the plants employed every

moment of legitimate time. More ware

is today being shipped from the city

than at any time in the past, and the

increased population makes more busi-

ness for the retailer. Times are not as

good if the wage of each man employed

is considered, but the number who work

today when compared with the number

employed a few years ago shows a con-

dition gratifying in the extreme. East

Liverpool even now has cause for re-

joicing, and yet the good time so fondly

expected, has not arrived. That will

come later.

Once Again.

The Mormons held another meeting

yesterday. About 15 people were pres-

ent, but no converts were received, as

contemplated.

## GREEKS ADVANCING.

Will Try to Recapture Milouna

Pass and Gritzovali.

LOST BY A MISUNDERSTANDING.

The Greek Commander Thought He

Had Been Ordered to Retreat—The

Powers Considering a Plan to Compel

Cessation of Hostilities.

ATHENS, April 20.—General Smol-

nitz, ex-minister of war, is in command

of 14,000 Greeks at Revena, not far

from Tynavos, northwest of Larissa.

At this point Edhem Pasha, closely

pressed, was nearly taken prisoner.

His plan was to force the pass of Ro-

veni, to enter the plain of Larissa, to

cut off the retreat of the Greek army

with his cavalry and thus take Larissa

without resistance. But this plan was

defeated. General Demopolis, at the

head of one Greek division, forced the

Turkish line at Boughazi, close to

Tynavos, and General Mavromichale

broke through at Koniskos.

The two generals united their troops

near Damasi. The news of this suc-

cess at Reveni and of the imminent fall

of Prevesa has changed the dismay

caused at Athens by the loss of Milouna

into the wildest rejoicing. The latest

advices are that the Greek troops are

advancing to re-occupy their positions

at Milouna and at Gritzovali, the latter

of which, it is alleged, was abandon-

ed owing to a misunderstanding by the

general in command, who interpreted

as an order of retreat what was really

intended as an order to advance.

Captain Tagardis, who was wounded

at Gritzovali, shot himself in order to

avoid falling into the hands of the

Turks. The Greeks report that the

Turks lost 7,000 killed and wounded at

Reveni, but this estimate is probably

excessive. The Greek engineers con-

structed a bridge at Pachyskalos to en-

able their troops to cross the river. It

is stated that the Turkish forces at-

tacking Reveni numbered more than 10,000

men.

ELASSONA, April 20.—(Headquarters

of the Turkish army in Macedonia.)

The Turkish forces continue to hold

the Milouna pass, though it is reported

that the Greeks are advancing or mak-

ing ready to advance to reoccupy the

positions from which they were dis-

lodged on Sunday. The two block-

houses have been strongly fortified,

and it would take a powerful body of

Greek troops to recapture them. Edhem

Pasha has entrenched himself on all

the heights from Papalyvada to Meek-

che, and strong bodies of troops are

stationed in the defiles between these

two points. The inhabitants of Elas-

sona have left the town en masse and

are pushing northward, many of them

going on to Salomica. Evidently they

fear that the Greeks will defeat the

Turks and actually reach this place.

Edhem Pasha, the Turkish com-

mander-in-chief, is a marvel of energy

and caution. He attends more assidu-

ously to his duties than any member of

his staff, receives reports while on

horseback and attends to trifling de-

tails with as much care as to impor-

tant movements. His manner is grave

and imperturbable. It is curious to

note how implicitly he is relied upon by

his troops.

SALONICA, April 20.—A Turkish

pedoboot has sunk the Greek steamer

Athena in the gulf of Salomica. On

board were insurgents and members of

various secret societies. A general

panic prevails here. All vessels are

prohibited from leaving the gulf. The

Turks have seized the Greek steamer

Kephaleon.

CANEA, Crete, April 20.—Placards

have been posted here, at Candia and

at other towns, threatening a lowering

of the Greek flag to frighten to flight

Crete. This is regarded as a complete

annulment of the proposed scheme of

autonomy.

With a view of anticipating an at-

tack by Colonel Vassos, Fort Isiddin,

Suda island, and the entrance to Suda

bay have been placed under the pro-

tection of the powers.

LONDON, April 20.—In spite of the

fact that the hostilities on the Greek

frontier have caused but little excite-

ment here, communications have been

flying between the foreign office and

Rome, France and Athens.

It is reported that among the other

matters considered is the expediency of

ordering the international fleet to

leave Cretan waters and to go in the

direction of Salomica and the Darda-

nelles to watch the fighting, with a

view to localizing it if necessary by

naval intervention. Should this sug-

gestion, which is understood to eman-

ate from the Italian foreign office, be

acted upon, it is probable that only half

the fleet of foreign warships would be

withdrawn for such a purpose, the

other half remaining to continue the

Cretan blockade.

There is said to be a sharp difference

of opinion between the military powers,

Russia, Austria-Hungary and Ger-

many, and the maritime powers, Great

Britain, France and Italy, as to the

most expeditious and least violent

methods of compelling a cessation of

hostilities, should this result not be

reached by the exercise of diplomatic

pressure at Athens and Constantinople.

The likelihood is that the force to be

employed by Europe, if a resort to force

becomes necessary, would be by sea, as

the contingencies of military interven-

tion might be more serious than the

hostilities now in progress.

It is reported that the foreign office

that the communication received here

from the Marquis of Salisbury, after

his interview with Queen Victoria, at

Nice, support the theory that the

British government is using its utmost

energy to persuade both the combat-

ants to make a cessation of the conflict

at the stage which it has now reached.

M. Hanotaux, who received the Greek

minister to France, is understood to

have assured him that while France

could not tolerate the indefinite pro-

longation of war and would never con-

sent to any essential modification of

the existing territories of Greece and

Turkey she would continue for the

present her policy of non-intervention,

except so far as intervention might be

necessary to prevent the spread of the

contagion to other combatants.

The situation on the frontier has been

according to the latest advices, ben-

ignificantly modified. Both the Turks

and the Greeks are resting from the

tremendous exertions of Friday, Satur-

day and Sunday. The troops of Edem

Pasha were half dead with fatigue and

hunger when they finally slackened.

Most of them flung themselves down

where they stood on the bare ground to

sleep. The Turkish commander-in-

chief patiently decided to allow his

army to rest.

As details come in it becomes more

and more apparent that the fighting in

Milouna pass was of the most stubborn

and savage character. The Turks

fought like devils and the Greeks re-

sisted in the spirit of their ancestors.

The most incredible fact in connec-

tion with the whole engagement is the

comparatively small number of killed.

All the special correspondents agree to

this. The Turks appear to have fired

as wildly with their rifles at Milouna

pass as they did at Arta, where the

fighting consisted of an artillery duel

BRYAN AND BRADLEY.

The Governor Congratulated the Nebraska After a Speech at Frankfort.

FRANKFORT, April 20.—The speech of Hon. William J. Bryan to the legislature here was delivered at the Opera house, to which was admitted, besides the legislators, a remarkable crowd of 1,300 people, representing every party and faction in Kentucky politics. The speech was a masterpiece of oratory. He pleaded all, and yet delivered one of the strongest arguments for silver. He then left via Louisville and St. Louis for his home. He is still suffering from the effects of the fall in Florida, and while he shows no signs of it when speaking, is a mass of bandages.

On the stage among the capital's distinguished citizens was Governor Bradley, who was introduced to Mr. Bryan by Senator Blackburn amid the cheering of the crowd. After the speech Governor Bradley was among the first to grasp the speaker's hand and to tell him he made the best speech for his side he had ever heard.

CHAPMAN MUST GO TO JAIL.

The United States Supreme Court Decides Against the Broker.

WASHINGTON, April 20.—The supreme court has refused the application for a writ of certiorari and habeas corpus by Elverson Chapman, the broker who refused to testify in the sugar speculation investigation whether senators had speculated in sugar stocks while the Wilson tariff bill was before the body.

Chief Justice Fuller, who delivered his constitutional right to censure and expel members had the right to conduct any alleged improper conduct of senators and could compel witnesses to give testimony. The sentence of the supreme court of the District of Columbia to 30 days in jail and \$100 fine was affirmed and Chapman's application for writs of certiorari and habeas corpus were denied.

INDIAN BILL PASSED.

Reciprocity Inquiry Resolution Adopted in the Senate.

WASHINGTON, April 20.—The senate has passed the Indian appropriation bill. It is substantially the same as it passed the house, and on occasion little division save on the amendment opening the Uncompahgre Indian reservation. Resolutions of inquiry were agreed to, asking the secretary of state as to the operation of the reciprocity treaties made under the McKinley act.

Mr. Vest introduced his resolution declaring illegal the recent order of the secretary of the treasury relative to imports arriving after April 1. The senator gave notice of pressing the resolution today and it may afford another test on the tariff.

After the executive session the senate adjourned as a mark of respect to Representative Milliken, deceased. The senate agreed to vote on the arbitration treaty on the 5th of May at 4 p. m.

Dunlop Wants a Pardon.

WASHINGTON, April 20.—President McKinley has had a consultation with Attorney General McKenna about the case of Joseph Dunlop, proprietor of the Chicago Dispatch, who was sentenced to two years' imprisonment for sending obscene literature through the mails. The attorney general in his report on the case said the only mitigating circumstances in Mr. Dunlop's case was his physical condition. Dunlop is said to have had two apoplectic strokes since his sentence.

Bequests to Colleges.

ROCKFORD, Ill., April 20.—The will of Judge B. K. Johnson, former member of the state supreme court, has been probated. He leaves an estate of over \$500,000, and among the bequests are \$100,000 to his alma mater, Williams college, and \$100,000 to the Hampton (Va.) institute.

Anti-High Hat Bill Passed.

ALBANY, April 20.—The assembly has passed the bill to prevent the wearing of high hats in theatres.

The Test is Regarded On All Sides, So Far, As a Forerunner of Great Success.

It is only a few days ago that the announcement of what is bound to prove one of the most remarkable tests ever made of a discovery in medicine, appeared in this paper. So far a large percentage of those who received a free sample of Hobbs Sparagus Kidney Pills have made a report which as a whole is satisfactory.

When it is considered that so great a number of our citizens suffering from kidney troubles of one kind or another, have within this short time found a medicine which has greatly benefited them, and that all appear to be on the road to rapid recovery, the incalculable value of Dr. Hobbs' discovery to suffering humanity cannot be overestimated.

If scores of people in the city of East Liverpool alone have received so much benefit from this remedy, what an untold blessing it will prove to be, and what a vast amount of suffering it will save when the people of the whole world come to know of it.

To-day Dr. Hobbs Sparagus Kidney Pills have in this short time firmly established themselves and gained the confidence of the people of this community, and have more warm friends in East Liverpool and vicinity than all the kidney remedies that were ever heard of here before put together.

They have become the almost universal topic of conversation in every part of the city. Nothing of such importance has presented itself to the people of East Liverpool in recent years. Bright's disease, rheumatism (which is traceable ninety-nine times out of a hundred to kidney sluggishness and inactivity,) impure blood, malarial germs, and, in fact, all the thousand and one diseases that come from a deranged condition of this filter, cleanser and purifier of the body, are all now stripped of their horrors since it has become a well established fact that a safe and harmless specific for their cure has been discovered in Dr. Hobbs Sparagus Kidney Pills.

There are, undoubtedly, hundreds of thousands of people who are suffering to a greater or less degree from kidney troubles who do not know it.

Some are in drowsy, dull, condition—feel languid; generally speaking, they say they feel pretty well, when accosted by some friends, yet they have not that bright, sharp vigorous tone to their system as of yore. Unbeknown to them, poison from their kidneys (which are a little out of order) is gradually collecting in their system, and totally unconscious of the fact, they are slowly but surely being poisoned to death.

It may be a process of years, but the result of the kidneys working imperfectly means almost certain destruction at last. No man can feel vigorous and bright, and no woman has that healthy, rosy tint to her cheeks that poets have paid homage to, since the creation of the world, where the kidneys are not performing their functions properly and regularly, day and night.

A plant commonly known as a vegetable, but which in reality is one of the most active kidney medicines—asparagus—has by the skill of medical science, been called upon to perform its duty as nature intended it should.

Asparagus has been known for years to the medical fraternity to possess a certain amount of virtue for kidney ailments. Dr. Hobbs took up this subject years ago, and, after long and patient experimenting, is enabled to combine the medical properties of the asparagus plant, with other valuable diuretic and kidney healing remedies known to the medical fraternity of the world, in such a form that it can today, under his formula, be regarded as a positive specific for all forms of kidney, bladder and urinary diseases in both sexes.

The Knights Picnic.

A committee of the Knights of St. John from Pittsburg were in the city Saturday afternoon viewing Rock Spring. Before they left they contracted with Manager McDonald for a date in the early part of June. Their picnic is usually a large one, and will bring in the neighborhood of 5,000 people to the city.

Hobos on the Move.

A few shivering hobos wended their weary way through the city this morning. One of them acknowledged that they had spent the night at a sewer pipe plant down the river, and had secured a good breakfast after arriving in town.

## NO HOPE FOR GREECE.

U. S. Army Officers Say Turkey Will Win.

WAR NOT FORMALLY DECLARED.

This Peculiarity of the Situation Noted. Each Country Trying to Evade Responsibility to the Powers—Warm Sympathy For Greece.

WASHINGTON, April 20.—It has been suggested that President McKinley probably will be called upon to issue a proclamation of neutrality, now that war has been begun between Turkey and Greece. The officials have looked into the precedents in such cases and have concluded that the conditions at present do not require the issue of such a notice. It does not directly concern either of the belligerents, but is intended to warn American citizens that if they espouse the cause of either combatant they will absolve their own country from extending protection to them. Conditions may arise later on to require it, but the Americans in Turkey and Greece are so few in number and are of such character as to make it unlikely that they will involve themselves in trouble.

It is noted here with curiosity that the cablegrams so far received are so conflicting on one point, namely, whether war has or has not been formally and officially declared, that it is not yet possible to decide what the state of affairs is. The common belief in diplomatic circles is that there has been no such thing as a formal declaration of war and it is recalled that of late years it has become rather the rule than the exception to wage war actually without a formal declaration.

In the present case, however, the fact is regarded among diplomats as of the first importance for the reason that the powers have given notice that the nation that is the aggressor in the conflict will not be permitted to reap any advantage from a war. While Turkey may be strongly armed with evidence going to show that Greece has been the aggressor, still if she herself has been the first to declare war formally, that fact must have technical weight in affecting the judgment of the powers.

It may be said that while the sympathies of the army officers lie largely with the Greeks they fully expect that the Turks will prevail in the end if allowed to wage war untrammelled by the interference of other powers, and there are signs to indicate that such an arrangement has been reached by the principal military and naval powers of Europe as will make this possible. The war department experts say that Turkey, on paper at least, has one of the most formidable armies in the world, and although it is generally admitted that its strength may not be anywhere near as large as thus set out, still there actually exists a military force beside which that of Greece was absolutely insignificant in numbers.

In addition to this numerical superiority the war department experts say that the Turkish forces for some time have had the benefit of thorough training by a number of German army officers, the best drillmasters in the world. At present the Turkish commander-in-chief, Edhem Pasha, is at his back one of the ablest strategists in all Europe in the person of Lieutenant General Baron Comar Von Der Goltz, a German officer "loaned" to Turkey by Emperor William. It is said he has planned the Turkish campaign.

The war department is preparing to collect all of the technical information that may be derived from the war. Captain Scriven, the military attaché of the United States embassy at Rome, has already telegraphed the department for permission to go to Turkey to watch the progress of the war, and the necessary permission will be given him. If he finds it desirable that some one should act in a like capacity with the Greek army, the department probably will send Major Dorst, our military attaché at Vienna, to the scene.

The United States navy is prepared to do all that is necessary for protection of American interests, though it is not expected that that will be a very large task. Admiral Selfridge, the commander of the European squadron, has four warships, all in the Eastern Mediterranean. The movements of the vessels of the squadron will be left entirely to his discretion.

The United States cruiser Minneapolis is at Syria, an island in the Greek Archipelago, lying at the foot of the Aegean sea, and at a point almost equally distant from Crete, where war has been actually going on for weeks, Athens and the entrance to the Dardanelles, so that it is admirably selected in the judgment of the department officials as a place of observation and a base of action in either direction where an American warship may be needed.

The officials of both the state and navy departments, however, have little apprehension of the ill treatment of American citizens in either Turkey or Greece, which is regarded as about the only possible cause of friction now. Possibly at a later stage in the war, in the event that the Turks are defeated, there may be rioting at Constantinople or some of the larger Turkish cities, but that is not feared at present.

DAY'S MISSION JUDICIAL.

His Visit to Cuba Nowise Diplomatic. Posted on the Case.

WASHINGTON, April 20.—Judge William R. Day of Canton, O., who will leave here in a few days for Havana to investigate the Ruiz case, has seen the president for a few minutes. He also called at the state department and saw Secretary Sherman and Assistant Secretary Rockhill.

He has been studying the case during his absence from Washington and has thoroughly equipped himself for his mission, which it is declared at the state department is strictly judicial and in nowise diplomatic.

evening was well attended.

Over 200 persons attended the ball  
given by the Hibernians last evening.  
They spent a delightful evening.

The improvement in the streets,  
brought about by the additional force at  
work, excited general comment last  
night.

The measles are on the wane. No  
cases were reported yesterday or today.  
There are still, however, many sufferers  
in the city.

A. G. Fisher, wire chief of the West-  
ern Union, is ill with typhoid fever at  
the home of his father-in-law, E. D.  
Moore, of this city.

the slide of the hill above Walker, and  
if there is not another season of rain it  
is believed the danger at that point is  
over for the present.

The fast riding of wheelmen was not  
noticed last night, and the police hope  
they will succeed in enforcing the or-  
dinance without any great number of  
arrests or serious trouble.

The dies for the making of hinges and  
locks for the new step ladder, patented  
recently by a local potter, have been or-  
dered, and are expected to arrive this  
week. Operations will be started by  
next week.

James Johnson, the champion checker  
player of East Palestine, was in town  
last night, and a number of the game's  
best friends conducted a tournament at  
the home of Albert Obney. The playing  
throughout was of the best.

The order of the water trustees for  
inspection of all pipes on private prop-  
erty has made business for the plumbers,  
and more leaks have been stopped  
within the past few days than for  
months prior to the issuing of the man-  
date.

Mrs. Harry Palmer, of this city, and  
Mrs. Aten, of Wellsville, went to  
Alliance this morning, where they met  
the other members of the county board  
of visitors and spent the day at Fair-  
mount home. This is their first visit to  
the home.

## CYCLERS WANT PATHS

They Are Willing to Pay the Tax Required.

IF THE MONEY IS SO USED

An Ordinance Will Be Introduced Very Soon Providing an Assessment, and the Creation of a Fund For This Purpose The Plan Has Friends In Council.

If plans now being arranged are carried out the city will tax all wheelmen a given amount each year, and use the proceeds for the purpose of constructing paths where they can ride without annoying the general public.

The scheme has already taken the form of an ordinance which will be presented in council very soon. It provides that all bicycles shall be taxed \$1 for the first year and 50 cents for each succeeding year, provided the party can show a receipt for the previous season. Each wheel is to have on the steering post a sign to show that the rider has a legal right to ride, and upon failure to pay the tax the wheel can be seized and sold at public auction according to the law governing the sale of personal property. A board of path commissioners is created, their duties being to look after paths, adopt suitable rules, etc. Driving horses or cattle on paths is forbidden.

Friends of the plan maintain it is the only way to keep wheelmen off the streets, and the tax for the first year would build a path from the head of Robinson street to East End and keep it in good repair. Excellent roads of this sort are built in New York for \$150 a mile. Several members of council have already declared their willingness to support the ordinance, and there is little doubt that the bill can be passed. It would undoubtedly be the means of taking scores of wheelmen from the heart of the city, as it is not the purpose of the movement to have paths built on paved streets.

ANOTHER BRADSHAW SUIT.

Wants the Hill Suit Thrown Out of Court.

Lisbon, April 20.—[Special.]—Ida Bradshaw, one of the defendants in the case of Ella J. Hill, guardian of Melinda E. Hill, against the Bradshaw heirs to partition the homestead property, filed answer to the suit. She asks the court to find that the plaintiff has, in filing the action, forfeited all interest in the property and estate. Mrs. Melinda Hill is the defendant's sister, and a daughter of Mrs. Bradshaw, and has been for a number of years unable to look after her own affairs. By the will she has one-eighth of the homestead, but this is subject to the right of Ida Bradshaw to occupy it for a year. The will directs that peace exist among the children, and to secure it, provided that any one seeking to invalidate any item in the will should forfeit any bequest made them. Under this clause she asks the action be dismissed.

On May 24 Sheriff Gill will sell lot 1055 in Liverpool in the case of W. T. Burton against W. H. Williams. It is appraised at \$900.

Mrs. Catherine Murphy, an aged lady of Leetonia, was adjudged insane, and taken to the Lisbon jail awaiting admission to Newburg. Her condition is due to worry over the loss of her home.

Burglars last night raided the home of N. McIntosh, South Market street. The police were notified, but the thieves have not been captured. Marriage licenses were issued to W. H. Walldauk and Mina A. Weaver, F. Schnauer and Josie Boyd, George W. Bettridge and Elmira Hohn, East Liverpool.

Dismissed the Case.

The suit of C. K. Nash against Sam DeLeon was dismissed in the court of Squire Rose this morning. It was done on the motion of G. Y. Travis for the defense because of a technicality. The plaintiff will pay the costs.

Jumped the Track.

An engine attached to a freight train left the track on the new trestle at Brown's this morning, but no one was hurt. The accident happened at an early hour, and the passenger train east was not delayed.

Not a Good Day.

Only 14 cars of crockery were loaded at the depot yesterday, but there was already enough at hand this morning to prompt the belief that the shortage in shipments would not long be continued.

It Was Cold Last Night.

It was cold last night, and fear was expressed by interested parties for the fruit. The mud on Calcutta road was frozen hard enough to support the weight of a horse and wagon.

His Mother Dead.

The aged mother of D. S. Jessop died last evening at her home in Clyde, O. Mr. Jessop and wife left for that place last night to attend the funeral.

Wreck at Newburg.

A gravel train ran into the caboose of a freight train near Newburg yesterday evening. The caboose was pushed on the top of the last car of the train.

## WELLSVILLE.

LIVERPOOL WON

In a Little Brush With a Wellsville Boy.

The ancient custom of East Liverpool and Wellsville boys settling their difficulties with their fists will not die. It was carried out the other night. A Wellsville lad was walking with his best girl when he became offended at a remark from a Liverpool youth. Leaving the young woman he sought out the offender, and without further ceremony they began. It only lasted a little while, and, while Wellsville claims victory, there are reasons for believing that the man from the Pool can strike strong, lusty blows.

THE MAYOR'S BUSINESS.

He Had a Few Cases to Consider Last Night.

Joe Geisse, who was arrested for intoxication and did not accompany Chief Warren to jail without resistance, pleaded guilty and was fined \$5 and costs. He will be tried this evening on the charge of resisting an officer.

Henry Dickey, who was also locked up because of drunkenness, was fined \$5.

The News of Wellsville.

The floral decorations have been removed from the churches.

A small child of Silva Willard, of Tenth street, died yesterday, and was buried this afternoon. Rev. C. W. Stevenson conducted the services.

Squire Paisley, of Irondale, was in town over Sunday.

John Alexander cannot attend to his work because of illness.

S. D. Cornelius arrived here Sunday from Cleveland, and left yesterday for Avalon.

The household effects of the Rev. Mr. Jones have arrived here. The gentleman will occupy the Episcopal parsonage.

PERSONAL MENTION.

—Harrison Rinehart was in Pittsburg today.

—Harry Buxton has returned from East Palestine.

—Miss Alice Robson, of Pittsburg, is visiting friend here.

—Frank F. Bowman, of Cleveland, was in the city today.

—C. L. Blackmore, of Hookstown, was in town yesterday.

—Charles Knowles has gone for a short stay in Columbus.

—Miss Tillie Morrison, of the city, left for Six Mile, Ill., today.

—W. H. Clearwater, the pool player, left for Pittsburg this morning.

—Percy Albright left for Lansing, Mich., where he will play ball, today.

—Mrs. John Smith, of Salineville, was the guest of Mrs. Retta Carnahan yesterday.

A Cow Stolen.

John Gothan, of Sixth street, had a valuable cow taken from his stable last night. This morning it was found out on the Wellsville road. Several men looking like farmers were talking about buying the animal last evening, and it is supposed these men took it. As the men are known, information will be made against them.

Didn't Have a Quorum.

There was no meeting of the official board of the Christian church last evening owing to the inability to secure a quorum. They will meet again next Monday evening at the residence of Mr. Quick in Market street. It is estimated \$4,300 has been collected by the committee.

The River.

The river is falling, but slowly, the cold snap checking it. Marks now show 11 feet, three inches. Passed up: Resolute, Hudson, Ruth, Tom Dodsworth and Rescue. Down: Defender, Maggie, Relief, John Morey, Jim Wood, Ben Hur, Keystone State and Wilmont.

A Small Blaze.

A chimney fire occurred this morning at the residence of Lyman Priest in Third street. The department was called and put out the flames with a Babcock. The damage was slight, amounting to about \$8.49.

## DEATH'S ANGEL CAME

While Samuel Householder Lay Dressed on His Bed.

HE WAS WORKING YESTERDAY

And Seemed In Good Spirits When Talking to His Friends This Morning—Sudden End of a Foreman of the Bell Telephone Company.

Samuel Householder, a foreman in the employ of the Bell Telephone company, was found dead in his bed at the Washington House this morning.

Householder has been here for several weeks in charge of the company's construction work on the cable at the bridge. In the afternoon he complained of not feeling well, and Doctor R. J. Marshall gave him some medicine. This morning E. D. Hall, a member of the force and a brother of Superintendent Hall, of Wheeling, talked with Householder at 7 o'clock. An hour later he went to Householder's room for the purpose of giving him the medicine and found him dead. He lay dressed upon the bed. Squire Manley was notified, and conducted the inquest. His decision was that heart disease had caused death.

The remains were sent to his brother-in-law, Alderman McDonald, at Cameron, W. Va., this afternoon, and interment will be made there Thursday. Householder had been in the company's employ for seven years, and was one of its most trusted men. He was 35 years old and unmarried.

ATTENTION, GRAND ARMY.

General Lyon post will meet in their hall at 7 o'clock on Tuesday evening, and march in a body to the Grand Opera House to attend special services in honor of our departed comrades. All members of the post are urged to be present.

More Executions.

The executions issued some time ago by the mayor to those who failed to pay old fines are having the desired effect. A lot more will be sent out this week.

Directors Meet.

The board of directors of the Young Men's Christian association met last evening in the association parlors, and transacted some important business.

NO HUMBUG HERE.

East Liverpool Endorsement is what Counts with East Liverpool Public.

You can't fool the public all the time. They will find you out at last. Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic. It fails to keep its promises. Doan's Kidney Pills bring renewed reward. They cure the skeptic. Plenty of proof of this at home. East Liverpool proof for East Liverpool people. Our citizens say they cure backache. Cure urinary disorders. Cure sick kidneys. Experience has taught them this is so. Conviction for every sufferer. In the testimony of friends and neighbors. Read this case:

The majority of our citizens know that Mr. Thos. Laughlin, of 172 Sophist street, has been unable to work at his calling, that of an engineer, for two years, that his condition was serious, and that little hope was entertained of a return to his old time health and strength. Read his own account of the change that took place through using Doan's Kidney Pills. He says: "I caught cold and neglected it. Result, it settled in my back and kidneys, forced me to quit work, and almost cost me my life. I could not move without suffering and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicines for two years, but did not get well. When I read of Doan's Kidney Pills I got a box at the W. and W. Pharmacy. Noticing some improvement by the time I had taken the first one half box, I continued until I took four boxes, and now my back is all right as well as the urinary trouble. Doan's Kidney Pills are without a doubt a grand remedy. I will endorse them at all times. I will substantiate my statement of Doan's Kidney Pills if anyone will call at my home to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and has not been troubled since."

Doan's Kidney Pills are for sale by all dealers for 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

To the Public.

I would call the attention of all persons contemplating building to the fact that

it will be to their interest to see me, as I have cut my charges one-half, my present price being three-fourths up to one and one-half per cent. of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications and knowing the strength of all materials and work, both by theory and practice, and therefore have no need of measuring up other architects work. I can guarantee all buildings I draw plans and specifications for, and superintend. I stand the test and the walls no crack and settle out of plumb as some specimens we have in this city have done.

**CYCLERS WANT PATHS**  
They Are Willing to Pay the Tax Required.

**IF THE MONEY IS SO USED**  
An Ordinance Will Be Introduced Very Soon Providing an Assessment, and the Creation of a Fund For This Purpose The Plan Has Friends In Council.

If plans now being arranged are carried out the city will tax all wheelmen a given amount each year, and use the proceeds for the purpose of constructing paths where they can ride without annoying the general public.

The scheme has already taken the form of an ordinance which will be presented in council very soon. It provides that all bicycles shall be taxed \$1 for the first year and 50 cents for each succeeding year, provided the party can show a receipt for the previous season. Each wheel is to have on the steering post a sign to show that the rider has a legal right to ride, and upon failure to pay the tax the wheel can be seized and sold at public auction according to the law governing the sale of personal property. A board of path commissioners is created, their duties being to look after paths, adopt suitable rules, etc. Driving horses or cattle on paths is forbidden.

Friends of the plan maintain it is the only way to keep wheelmen off the streets, and the tax for the first year would build a path from the head of Robinson street to East End and keep it in good repair. Excellent roads of this sort are built in New York for \$150 a mile. Several members of council have already declared their willingness to support the ordinance, and there is little doubt that the bill can be passed. It would undoubtedly be the means of taking scores of wheelmen from the heart of the city, as it is not the purpose of the movement to have paths built on paved streets.

**ANOTHER BRADSHAW SUIT.**  
Wants the Hill Suit Thrown Out of Court.

Lisbon, April 20.—[Special.]—Ida Bradshaw, one of the defendants in the case of Ella J. Hill, guardian of Melinda E. Hill, against the Bradshaw heirs to partition the homestead property, filed answer to the suit. She asks the court to find that the plaintiff has, in filing the action, forfeited all interest in the property and estate. Mrs. Melinda Hill is the defendant's sister, and a daughter of Mrs. Bradshaw, and has been for a number of years unable to look after her own affairs. By the will she has one-eighth of the homestead, but this is subject to the right of Ida Bradshaw to occupy it for a year. The will directs that peace exist among the children, and to secure it, provided that any one seeking to invalidate any item in the will should forfeit any bequest made them. Under this clause she asks the action be dismissed.

**Architect Fritz**

To the Public.

I would call the attention of all persons contemplating building to the fact that it will be to their interest to see me, as I have cut my charges one-half; my present price being three-fourths up to one and one-half per cent. of the cost of building and in some cases a fraction more. Having many years practice in contracting, building, drawing plans and specifications, and knowing the strength of all material and work, both by theory and practice, and therefore have no need of measuring up other architects work. I can guarantee all buildings I draw plans and specifications for, and superintend to stand the test and the walls not crack and settle out of plumb as some specimens we have in this city have done.
